Interest accrued on overdraft is repaid on monthly basis and the utilized amounts are repaid at the of the term.

There are no conditions limiting accessibility of loan proceeds.

There are no required charges to be paid by the borrower.

Loan decision

The Bank reviews the loan application and makes a preliminary decision within 2 business days upon receipt of the application. If approved, the final loan decision is made within no more than 8 (eight) business days upon receipt of the complete set of documents. The Bank informs the client about the decision within 1 business day. The loan is issued to the borrower only after execution of security agreements specified in the agreement.

The loan is disbursed within 1 (one) business day after fulfillment of the lending conditions by the borrower.

Once the Bank makes a loan decision, if the client.

Confirms his/her intention to receive the loan within 45 calendar days after getting loan approval notice, the process moves to the formalization stage.

If the client takes longer than 45 calendar days upon getting loan approval notice to confirm his/her intention to receive the loan, re-approval is needed.

What may help you to get your loan approved

- Established business relationship between the Bank and the client
- Business reputation
- Turnover of your funds through Ameriabank accounts
- Average balance on the accounts with Ameriabank, etc.

Why your application might be rejected

- The information (documents and other data) is not trustworthy or is incomplete.
- The borrower's declared income is not sufficient to repay the obligations.
- The borrower has bad credit history, overdue and/or classified liabilities (including liabilities to third parties).
- Failure to meet other requirements of the Bank.

Down payment

N/a for this loan facility

Early repayment

In case of consumer loans, car loans, line of credit or overdraft the client has the right to repay the liabilities

before the due date irrespective of whether or not such provision is included in the loan agreement.

Attention! *If you fail to pay the minimum installment, the Bank will charge a fee in the amount of AMD 5,000. For credit cards issued after January 2015 late payment penalties prescribed by the Retail Lending Terms and Conditions will be applicable instead of lump-sum fee.*

Attention! *No limitations are set on the repayment of the loan before due date.*

Information for the Guarantor

If the Borrower fails to meet his/her loan obligations in a proper manner, the guarantor will take on responsibility of the debt and will have to repay the outstanding loan.

The guarantor is entitled to receive reimbursement from the borrower for the repaid debt, i.e. the guarantor may request the borrower to reimburse the amount paid to the lender, the interest and other expenses incurred as a result of taking responsibility instead of the borrower.

The lender must warn the guarantor in advance about pending loan repayment, i.e., if the borrower fails to meet his/her obligations in due manner, the guarantor is required to repay the outstanding debt within the period defined in the guarantee agreement after getting the respective notice from the lender.

The guarantor's name may appear in the BAD BORROWER LIST, i.e., if the borrower doesn't repay his/her obligations, the guarantor's name may be reported to the Credit Bureau, where the credit history is originated. This may affect the guarantor's future loan applications.

Attention!

WHEN YOU APPLY FOR A LOAN, WE WILL PROVIDE YOU AN INDIVIDUAL LEAFLET DETAILING ALL ESSENTIAL TERMS OF YOUR CONSUMER LOAN.

Attention!

THE LOAN INTEREST RATE MAY NOT EXCEED THE DOUBLE OF THE BANK RATE DECLARED BY THE CENTRAL BANK OF ARMENIA.

Attention!

LOAN INTEREST IS CALCULATED AT THE NOMINAL INTEREST RATE. THE LATTER SHOWS THE ANNUAL INTEREST ACCRUED AS PERCENTAGE OF THE OUTSTANDING LOAN. THE LOAN INTEREST IS ACCRUED ON THE OUTSTANDING LOAN PRINCIPAL IN THE LOAN CURRENCY DAILY, BASED ON A 365-DAY CALENDAR YEAR.

ANNUAL PERCENTAGE RATE SHOWS THE COST OF LOAN IN CASE OF PROPER AND TIMELY PERFORMANCE OF ALL CONTRACTUAL OBLIGATIONS.

Procedure of interest calculation

In case of differentiated repayment method, the amount of monthly loan payment is calculated according to the following formula:

$$R = p / t + p * r \% / 365 * d,$$

where

R – monthly repayment of the loan,

p – amount of loan principal,

t – loan term (in months),

r – annual interest rate of the loan,

d – number of days in a month.

In case of annuity, the amount of monthly payment is calculated according to the following formula: $R = P \times r / (1 - 1/(1 + r)^n)$, where

R – monthly repayment for the

loan P – loan principal

n – total number of payments during the whole term of loan (number of months)

r – monthly interest rate, which is equal to 1/12 of the annual interest rate under the loan agreement at the time of provision of the loan

⁷Requests for references should be submitted at least one banking day in advance.

⁸Requests for references should be submitted at least three banking days in advance.

⁹ The fee is charged for the month when the statement was received, until the last business day of the month following such month.

¹⁰The delivery is provided by regular mail.

The amount of monthly payments is rounded to one decimal place.

The outstanding loan is calculated according to the following formula: $P_t = R \times ((1 - 1/(1+r)^n) / r)$, where

P_t – actual Loan outstanding by the end of the period

R – monthly repayment for the loan

t – number of repayments due before the end of the loan term (number of months)

r – monthly interest rate, which is equal to 1/12 of the annual interest rate under the loan agreement at the time of provision of the loan

$$A = \sum_{n=1}^N \frac{K_n}{\left(1 + i\right)^{\frac{D_n}{365}}}$$

APR is calculated by the following formula:

where

i – annual percentage rate (APR).

A – the amount of the credit (initial amount provided by the lender to the borrower)

n – sequence number of payment

N – sequence number of the last payment

K_n – amount of the n th payment

D_n – period between the day of provision of loan and the day of the n^{th} payment, expressed in days

i – annual percentage rate, calculable if other input data are known from loan agreement or otherwise

APR Calculation Example

Loan product: consumer loan secured by property

Amount: AMD 15,000,000

Fixed interest rate: 17%

Term: 60 months

Repayment method: annuity (equal installments consisting of a portion of loan and some interest)

Lump sum disbursement fee: AMD 75,000

Insurance fee: 0.16% of the outstanding loan principal each year

Real estate appraisal fee: AMD 15,000

Fee for the unified statement on real estate encumbrance: AMD 10,300

Pledge agreement notarization fee: AMD 13,000

Security interest filing fee: AMD 26,000

Loan disbursement day: September 16, 2014

First payment day: October 11, 2014

Annual percentage rate (APR): 19.14 %

The annual percentage rate is calculated on the basis of the underlying components, is indicative and can change during the Agreement term due to early repayment of loan by the borrower or change of the components included in its calculation.

Interest calculation example

Initial loan principal: AMD 1,000,000
Annual interest rate: 20%
Term: 36 months
Daily interest will make: $1,000,000 \times 20 / 100 / 365 = 548$ AMD
The amount of monthly payments in case of annuity: AMD 37,163.6.

INFORMATION ON FACTORS AFFECTING CREDIT HISTORY AND CREDIT SCORE

Credit History is the information on the customer's financial obligations, which shows the customer's debt, payments, as well as other data related to the customer's obligations or their performance.

The credit score is the quantified measure of the customer's borrowing capacity and creditworthiness determined based on the study of the customer's credit history.

Based on the customer consent, Ameriabank CJSC (the "Bank") makes inquiries on the financial obligations of the customer, whether current or past, for the customer to undertake financial obligations to the Bank, act as a guarantor to secure third party obligations, to consider lending to the customer on the latter's initiative. The number of inquiries for the purposes specified in this clause may have an influence (including negative one) on the customer's credit score.

The Bank uses internally developed scoring methodology for lending to customers. The factors affecting the credit score include FICO score, loan service quality, availability of late payments in the credit history, duration of payment delays, debt burden, income, ratio of loan obligations to income.

More detailed information may be found at the following links: www.abcfinance.am and www.acra.am.

To improve your credit history and/or credit score we recommend you to:

- *Fully repay any overdue obligations you may have had in the past,*
- *Make sure you don't have any late payments, even 1-day delays, in relation to your current obligations,*
- *Reduce the number of loans you have at a time repaying them either in whole or in part,*
- *Reduce the balance of your outstanding loans,*
- *Limit the number and amount of provided guarantees,*
- *Make sure that any overdue amounts guaranteed by you are fully repaid.*

Attention!

IF YOU FAIL TO PERFORM YOUR PAYMENT OBLIGATIONS WHEN DUE OR DO NOT PERFORM THEM PROPERLY, OVERDUE AMOUNTS SHALL BEAR FINES AND PENALTIES AS DEFINED BY AGREEMENT, AND THE INFORMATION ABOUT YOUR OVERDUE LIABILITIES WILL BE REPORTED TO CREDIT BUREAU WITHIN 3 BUSINESS DAYS. YOU

HAVE THE RIGHT TO OBTAIN YOUR CREDIT HISTORY FROM THE CREDIT BUREAU ONCE A YEAR, AT NO COST.

When you repay your overdue debt, the payment will be made in the following order:

- Fines and penalties
- Interest
- Principal

YOUR BAD CREDIT HISTORY MAY AFFECT YOUR FUTURE LOAN APPLICATIONS.

Change of interest rates.

The bank is entitled to change the interest rates depending on the volatility of interest rates on funds borrowed and/or allocated by the bank on financial market, and/or occurrence of preconditions for change of annual interest rate applied to the loan. The Bank shall inform the borrower of any change in the nominal interest rate made at the sole discretion of the Bank in advance, within the term specified in the agreement (at least 7 days in advance), via the channels specified in the agreement, which shall serve as a basis for applying the new terms from the date specified in the notice. If the borrower doesn't consent to the new interest rate, the borrower may terminate the respective agreement before the maturity date, repaying the obligations to the Bank under such agreement in full.

Consumers are allowed to cancel the credit agreement at their own discretion, for no particular reason, within 7 business days following its execution unless a longer period is stipulated therein (cooling-off period). In such cases, consumers are required to pay the interest accrued at the effective annual rate under the credit agreement. The consumer will not be required to pay any other reimbursement in relation to the cancellation of the credit agreement.
