How can I make repayments?

In the case of an overdraft, you should pay the interest accrued as of the payment date and 3% of the used amount, as specified in the account statement for the previous month or AMD 5,000 whichever is greater, on a monthly basis. The nominal interest rate is calculated on a daily basis for the actual number of calendar days based on a 365-day year and applied to used amounts starting from the first day of withdrawal.

What is an online loan?

This service allows you to apply online for loans from AMD 100,000 (one hundred thousand) to AMD 15 (fifteen) million or equivalent in another currency (consumer loan, credit facility, or overdraft). No extra fee, collateral, or guarantee is required for online loans. If you have an active card issued by Ameriabank, you may receive the loan online, without visiting the Bank. Otherwise, in order to complete the process of executing the loan, you should visit any of Ameriabank's offices within 7 calendar days upon the submission of the loan application and present your ID specified in the loan application and your PPSN/social card.

How does the bank determine the amount and interest rate of the loan?

Your loan, as well as the amount and interest rate of the loan, are approved based on your creditworthiness criteria.

How much will I pay monthly?

The amount of monthly installments depends on the type of loan, approved amount, interest rate, and maturity period. Note that the decision about the loan approval, as well as the amount and interest rate of the loan, are based on the criteria of your creditworthiness

Can I apply for an online loan if I have outstanding loans at other banks?

Outstanding loans in other banks are not an obstacle. The decision on the provision of the loan, as well as on the amount and interest rate of the loan, is made based on your creditworthiness criteria.

May I obtain a loan without visiting the Bank?

Yes, if you have an active card issued by Ameriabank. Once approved, the loan will be transferred to your account or card. There is no need to visit the Bank.

If you are not an Ameriabank cardholder, in order to complete the process of executing the loan, you will need to visit any of Ameriabank's offices within 7 calendar days upon the submission of the loan application and present your ID specified in the loan application and your PPSN/social card.

What documents are required?

To apply for an online loan, you will need to specify your ID and social card/PPSN.

Is a collateral or a guarantee required when submitting an online loan application?

You may apply online only for loans not secured by collateral or guarantee. To apply for a secured loan, you should submit the loan application in the branch.

Is it mandatory to be an Ameriabank client for submitting an online loan application?

No, it is not necessary to be an Ameriabank client when applying for an online loan. After the has been approved, you will just need to visit any of the Bank's offices in order to complete the process of executing the loan in just a few minutes.
